

North Ayrshire Athletics Club

Mission Statement

North Ayrshire Athletic Club's mission is to work in partnership with the wider sporting community in North Ayrshire and surrounding areas to create a vibrant, safe and progressive club which caters for athletes of all abilities and from all backgrounds – to achieve excellence in their chosen field.

NAAC is a registered charity open to all. We are proud to provide a high standard of athletics with our partners to all in our community in a safe, friendly and enjoyable environment.

We believe passionately in the benefit of sport for all, not just those competing, and will ensure every opportunity is afforded to everyone associated with the club to reach their potential in line with our core values.

The club will do all it can to promote athletics to a wider audience and provide events in our community that showcase the sport and the club brand.
